

ADVANCED
AGENCY

OUR COMPANY

Having many years of experience in the field of security, the members of our company will provide you with the utmost modern, professional and efficient services.

PROFESSIONALISM - RELIABILITY - CONFIDENTIALITY

the triptych of our success.

OUR MISSION

Our mission is to have the concepts of protection and security synonymous with the brand **Advanced Protection Agency**. Our first priority is customer satisfaction.

YOUR CHOICE

Advanced Protection Agency is selected by you to feel secure and undistracted 24 hours a day.

Avoid any unpleasant situation through prevention. Trust the right human resource that is constantly trained and modernizing its equipment.

WHO WE ARE

Advanced Protection Agency is your first choice to meet all your security needs.

Our company provides a wide range of protection services, both through human and technical equipment. Security escorts, Bodyguards, Selective Protection Teams,

Private Investigations, Security Systems, Remote Internet Monitoring and CCTV are indicative of the services offered.

We undertake to carry out security and private research missions to obtain any information requested. You can contact us whether it pertains to a business entity or to an individual.

Our company is characterized by professionalism and confidentiality. All cases are undertaken by specially trained people who are fully educated to handle security, information and other related issues quickly and efficiently. These features are valued by our customers who they award follow-on and new work orders to our company. Our clients come from all professional and social categories, individuals and legal entities, large corporations, organizations, officials, as well as many celebrities.

OUR PHILOSOPHY

The purpose of **Advanced Protection Agency** is to provide security services that always exceed the expectations and requirements of our customers with professionalism, reliability and confidentiality. Our goal is to offer unique security solutions for each customer individually with immediate application to the real-life conditions of everyday life. Our responsibility is our customers to feel safe and calm. For our company, Prevention is the important factor in avoiding any unpleasant situation. We constantly

monitor all developments in security technology so as to offer the best effective and protection available to our customer.

Our priority is the continuous training of the staff, both in theory and in practice, so that it is ready to respond to the ever-changing conditions prevailing today. Along with our staff, we continuously modernize our equipment so that our staff can easily and efficiently carry out its mission.

OUR MISSION

Our mission is to have the concepts of protection and security synonymous with the brand **Advanced Protection Agency**.

Our first priority is customer satisfaction.

INSURANCE COVERAGE - LIABILITY

Advanced Protection Agency is ready at all times to act in order to provide you protection and security. The action does not solely derive from the obligation towards the client but also from our readiness to undertake responsibility. We take over the responsibility of your protection as well as of any inadvertently caused harm or damages to premises, staff, customers or any third party due to sole negligence of our company.

RECEIPT OF ALARM SIGNALS

With this service you can sleep quietly, knowing that you will not have to worry about

who will respond in case of an alarm. Our company can receive any alarm signal **24**

hours a day, **365** days a year, and immediately mobilize a vehicle and security staff.

At the same time and depending on the alarm type, it alerts the Police, the Fire

Brigade, the Ambulance, the owners or any other person you have requested to be informed.

REMOVED SURVEILLANCE

By installing the required security cameras in your appointed area, what is happening

at any moment is recorded on an external hard disk and in real time. Our appointed

personnel controls our monitors and in combination with the motion detection

technology we use, we effectively protect your space remotely.

With our remote

surveillance service, you can be safe and save money at the same time.

PATROL - MOBILE TEAMS

Patrols are an efficient solution in cases where static guard is counter-indicative. Our

mobile units can perform area checks based on a predefined schedule or at variable

times. Patrols never cease to operate and are available all hours and days of the

year. Each customer receives a daily report on the outcome of the patrol as well as on any occurring event.

HUMAN RESOURCE SECURITY

Advanced Protection Agency requires all its human resources to conduct under the principle that customer protection and satisfaction is of the utmost importance. The selection of our staff is carried out on strict and scientific criteria for providing efficient and quality service to our clients. Highly qualified and continuous training are the key criteria for staff selection. Our staff consists of both men and dynamic women, depending on the case, for the best possible result.

RESIDENCES - RESIDENTIAL BUILDINGS - NEIGHBORHOODS

Home is the important space for everyone where one calms, rests, spends enough time, has his personal moments, creates and grows his family. A sacred place with a dedicated goddess protection from ancient times. Such a space could not be left unprotected by us. Our human resources are specialized in house guard, both internally and externally, through static guarding, patrolling and control of any incoming natural person or object.

PROFESSIONAL SPACES - WAREHOUSES

Workplaces are often a crime scene. Our main goal is the protection and safety of

both consumers and employees. Our presence in the corporate building and its surveillance can prevent malpractice during operation, robberies, bigger theft while closed, and other hazards that can cause financial or other damage. Our company can even take over the transportation of the cash or other money of the day, to supervise the area through a CCTV and remove unwanted people from the protected area.

VIP SECURITY SERVICES

At **Advanced Protection Agency**, we know that day after day is not the same and that dangerous situations can happen at any time and moment. There are incidents that affect and can change a person's life within seconds. Our well-trained staff, based on his hard training, can always be at your side to avoid any risk.

SELECTED PROTECTION GROUPS

Crime has grown heavily, robberies and kidnappings by criminal organizations are commonplace today. Protecting 'high targets' is more than just a matter of urgency.

Advanced Protection Agency specializes in providing expert teams to protect businessmen, senior high rank executives, officials, special guests, sports people as well as lifestyle celebrities in order to avoid harmful and extreme situations.

PERSONAL GUARDS AND ACCOMMODATION

Do not compromise with anything less about security and guarding. Do not leave these sensitive issues in the hands of any unprofessed person who claims to be an expert. Trust our highly trained staff to provide security to you and your beloved ones.

Your personal guards are people with continuous and special education abroad in accordance with international standards and fully trained in martial arts, weapons and explosives. Your personal guards will accompany you and your family members on your daily transportations. They will make sure you get safely to your destination.

Your personal trained guards can accompany you wherever you ask, both within and out of the country, on any route and for any form of travel (business, leisure, social).

PERSONAL DRIVERS - LUXURIOUS TRANSPORTATION

Advanced Protection Agency provides professional drivers to its customers who want to enjoy high-quality transport services in the comfort of their own car. The service is appropriate for all occasions, such as business meetings, doctor appointments, sports events, shopping in stores and any other case without worrying about traffic and parking. You can also go to and from ports and airports without

thinking about parking and its costs. Our company allows you to choose one of our own luxury vehicles, along with the driver, to move safely and style wherever you want to go. From a night out, up to your holiday, and every day, for your business matters, you can make use of our service. **Advanced Protection Agency** covers the entire range of luxury transportation which is not limited to cars. It can provide you with helicopters, ships, even airplanes.

MARITIME SECURITY

Advanced Protection Agency offers a dedicated global protection agency to the maritime community. Our company specializes in providing innovative and creative approaches to a wide range of marine protection services by maintaining an extensive network of contacts and partners that, in conjunction with the professionalism and experience of our consultants and partners, ensures responsible and credible solutions to ships protection. Our ship security staff comes from a variety of backgrounds in the military and commercial shipbuilding industry with very high education standards. The central philosophical view of our company focuses on recognizing, analyzing and limiting the potential risks for our customers. All services of ours are tailored to the

specific requirements and expectations of our customers through our unique business environment.

It is the excellent recommendation of our teams, together with their experience, methodology and ethics, which allow our company to reach the top notch and highest quality performance levels for our customers.

PRECIOUS ITEMS TRANSITS

Advanced Protection Agency understands that some loads are very important to be exposed to any harm and to undergo the risk losing them. Whether it is personnel

or commodity, anything of great value to you that needs to be transported must definitely be protected. Our company can transfer or escort your precious assets during transportation. Our experienced senior staff will design the safest route by whatever means of transport is deemed necessary to transfer it safely to the final destination.

SAFETY OF LARGE EVENTS

Advanced Protection Agency can undertake the security of any corporate, entertainment or athletic event. The service includes the perimeter security, the crowd security, the organized parking, the access points and the auditing checkpoints. The company also undertakes to check and then protect the venue of the event for maximum security. The most widespread categories of events we undertake are athletics, concerts, festivals, political gatherings, charity gala, conferences and shows of the entertainment industry.

PRIVATE INVESTIGATION

Advanced Protection Agency is experienced in handling complex investigations and information collecting operations. All works are carried out with a high degree of confidentiality by certified private detectives. The use of new and innovative technologies by our company contributes to the quickest possible result in your case

at a minimum cost. For more information about your affairs, do not hesitate to ask us.

TRAINING

The staff of our company is highly and continuously trained for unarmed and armed battle conditions. The danger to the occupation of a security person requires him to keep his physical state at high levels, as well as possessing knowledge of special techniques that will give the opportunity to cope with an imminent difficult situation by cultivating the ability to protect the issue of his/her guard. Our company is in collaboration with experienced and talented trainers who offer a wide range of skills in potentially harmful public gathering situations and private environments.

Training specialization ensures maximization of the quality of a guard and in particular the sensitive security issue of V.I.P because it has strengthened the confidence of the security person with the knowledge it has acquired to be able to cope and harmonize with the requirements of the potentially harmful conditions.

Furthermore, our staff is up-to-date and trained in the use of firearms and in terrorist threat scenarios, having a high level of knowledge of extreme cases of armed conflict with firearms, as the result of ongoing training abroad by highly qualified and

experienced trainers who provide high quality education according to the standards of the International Rules. Specialized training is also provided in accordance with International Standards, on basic fire safety rules and effective fire response, as well as a thorough knowledge of First Aid and care of a multi-injured person.

SECURITY SYSTEMS

Advanced Protection Agency offers you comprehensive and effective security systems to prevent and avoid any malicious action against you and your property.

Latest technology alarm systems and closed surveillance systems (CCTV).

Confidential and technically trained staff undertakes the study and installation of security systems tailored to your needs.

All systems are accompanied by certificates and guarantees of good operation.

Advanced Protection Agency provides technical support to all systems and for as long as they are used.

Direct and simple solutions to improve safety and quality of life.
